# Card Etiquette.

The Signification of Corners turned on Visiting Cards.

UPPER RIGHT CORNER-Visit.

UPPER LEFT CORNER-Congratulations.

LOWER RIGHT CORNER-Adieu.

LOWER LEFT CORNER-Condolence.

TURNING THE ENTIRE LEFT END-A Call on the Family.

R. S. V. P. (Répondez, s'il vous plait.)-Please answer.

P. P. C. (Pour prendre congé.) - To take leave.

Some still prefer this old custom of turning corners on Visiting Cards, though leaving a card for each person is considered in better taste.

To send a card without calling signifies inability to call in person.

Acceptances or regrets should be sent as soon as possible after receiving invitations.

"Party Calls" should be made within one week after date of the party.

Invitations in your own city can be sent either by mail or messenger, as preferred.

Letters or notes of invitation delivered by hand in the city are often marked E. V. — En Ville.

The custom is, for a lady about to be married, to enclose her card in an unsealed envelope, which the servant should deliver, the lady not leaving the carriage.

On gentlemen's visiting cards, "Mr." should be prefixed to the name.

Any lady wishing to inform her friends of the presence of a lady visiting her family, should enclose her visitor's card with her own, in the same envelope.

An invitation to dine should be answered on the day received.

It is always courteous to acknowledge the receipt of an At Home card.

A visiting card should always be left when attending an "At Home."

An invitation requesting your presence requires an answer.

EQUITABLE BUILDING, BOSTON.

New Vaults, Coupon Rooms, Reading and Toilet Rooms, all on the street level.

This company has, in order to afford greater security to its boxholders, demolished their old vault and substituted a new vault more than twice as large as the old one, situated on a level with the street, combining in its construction every improvement which modern science and inventive genius have been able to devise for the protection of treasure.

Extensive coupon rooms, a reading room and toilet rooms are also on the street level. A luxuriously furnished department has been prepared for the use of ladies who rent safe deposit boxes.

### BOSTON FIRE-ALARM TELEGRAPH.

#### SPECIAL NOTICE,

The fact that an alarm-box is located near their residence and where the key is kept, should be known to all persons; also the simple manner of giving an alarm in case of fire. The Board of Fire Commissioners recommend to all persons who may see this notice, that they make the necessary inquiries to enable them, in case of need, either to get the key and give an alarm, or to direct others to do so. *Time* saved in this way may sometimes prevent a conflagration.

In case of Fire follow these

#### DIRECTIONS.

Go to the nearest box to the fire.

A sign over each box gives location of keys.

Open the box-pull the hook all the way down once and let go.

Wait one full minute for the sound of the bells.

Listen for the working of the machinery in box. If you do not hear it pull again.

If then you hear no sound, go to the next nearest box. Repeat the same there; but do not touch any other box if the nearest one gives the alarm. If it be a keyless door, turn handle to right and open door; when open, pull hook as in other boxes.

After giving the alarm, remain a while, if possible, by the box, so as to direct the firemen to the fire.

SECOND ALARMS.—No person will give alarms for the same fire (after the first alarm has been given), without an order from an Engineer, or the officer in command, and the person so ordered will be sure to go to the same box from which the first alarm was given, and report the same to the Chief Engineer. If, however, a fire breaks

out while another is burning, in a different section of the city, a second alarm can be given by a Police Officer without waiting for an order from an Engineer.

## CAUTION TO PERSONS HOLDING SIGNAL KEYS.

- 1. Never open the box or touch the hook except in case of fire.
- 2. Never give an alarm for a fire seen at a distance.
- 3. Be reasonably sure there is a fire before giving an alarm.
- 4. Be sure your box is locked before leaving it.
- Never let the key go out of your possession, except to some responsible person to give an alarm of fire, and be sure the key is returned.

If you remove from your house or place of business return the key to the Fire Commissioners' Office without delay.

## U. S. WEATHER BUREAU.

#### Explanation of Cautionary and Storm Signals.

A RED FLAG with a WHITE CENTRE, displayed at stations on the Great Lakes, indicates that the winds expected will not be so severe but well-founded sea-worthy vessels can meet them without danger.

A RED FLAG with a BLACK CENTRE either on the Lakes or seaboard indicates that the storm is expected to be severe.

The pennants displayed with the flags indicate the direction of the wind; red, eastly winds (from northeast to south) white, westerly (from southwest to north). The pennant above the flag indicates that the wind is expected to blow from northerly quadrants; below, from southerly quadrants.

The Information Signals consist of a RED PENNANT similar to the direction pennants, and when displayed alone indicates that the local observer has information from the central office of a storm covering a limited area, dangerous only to vessels about to sail for certain points. This signal is intended to be a notification to shipping masters that valuable information will be given them on application to the local observer.

By night a red light will indicate easterly winds and a white light above a red light will indicate westerly winds.

The system of weather, temperature and rain signals displayed throughout the country is distinct from the cautionary and storm signals, the latter being principally for the information of the maritime interests, and are displayed at the principal ports of the Great Lakes, and on the Atlantic, Pacific and Gulf coasts.

Boston office, rooms, 149 to 154, P. O. Building, open to public from 9 A. M. to 4 P. M.; visitors cordially invited.

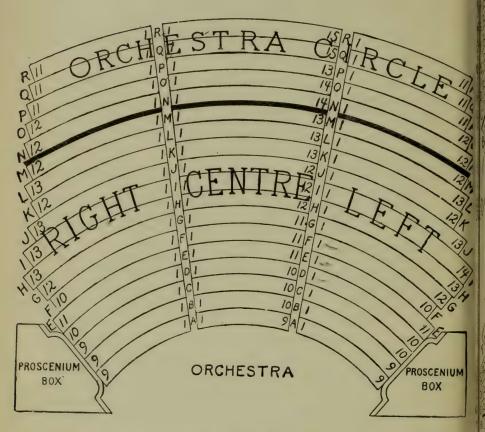

J. W. Smith, Local Forecast Official. In charge Boston Station.

#### HURRICANE WARNINGS.

For the purpose of giving warning of the approach of tropical hurricanes (and also those extremely severe and dangerous storms which sometimes pass across the Lake region and north Atlantic coast), the Weather Bureau has adopted a special signal called the hurricane signal, consisting of two red flags with black centers, displayed one above the other. (No distinctive night signal will be used) This signal will be displayed at all Weather Bureau offices and wind signal display stations on the Atlantic and Gulf coasts and the Great Lakes, and also at numerous other points at sea and lake ports and along the coasts mentioned.

Chief of Weather Bureau.

Buyers should select

Buyers should select the spools for this work, as they keep the silk clean and prevent shopwear and fraying. In this way they save time and money, by avoiding waste and inconvenience, and at the same time improve their workmanship.

Size EE, Washing Colors.

Observe the labels and note the brand Corticelli and the size (EE) on one end of each spool; on the other end the words "Wash Silk—Fast Color" should appear.

When Corticelli EE Wash Embroidery Silk is sold in skeins, it is put up in the twisted form. Each Skein bears a ticket, on which appears the brand Corticelli, as well as the size (EE) and color number.
